REPORTS & SUPPORT SERVICES

OnCourse®+

Reports & Carbon Footprint

Free use of OnCourse - plus OnCourse Reports and Carbon Footprint can be prepared each year to help you track, improve and communicate your sustainability.

- Annual reports - £300/year
- 3-years of annual reports - £750 (best value)

Support Services

Option to add a dedicated virtual support service to get started and work to your Reports and Carbon Footprint.

- Support + 1st-year report - £720

Additional services are also available including communications packages, more detailed forward planning support and more.

On-site support may also be available and some costs vary by country - please email to find out about your location.

CERTIFICATION & REPORTS

Certification

Once OnCourse has been completed you can apply to become GEO Certified, the most widely endorsed and credible sustainability distinction for golf.

- GEO Certified administration - £400*

Certification + Reports

Most people also request their annual OnCourse sustainability reports at this time.

- Certification + reports - £675*
- Certification + 3-years reports - £1025*

Certification Verification

An Independent Verifier is required to visit as part of the credibility assurance. The fee paid directly to the individual varies by country, scale of facility, virtual or onsite. Guide cost begins at £800.*

The second certification is after three years, then every five years in most countries.

*Administration and verification fees higher for larger sites; may be discounted for small clubs; and there is some variation by country. Email for specifics.
